And What Have You

By BOB CRAIG

The Pipers lost a heart-breaker to Coahoma here Friday night but they don't have to apologize to anyone for the way they played. It took a lot of raw courage just to line up on the field with a team as big as Coahoma.

It is hard to realize how any AA team can come up with that many boys as big as they were. Of course it helps when you have about twice as many kids in school as Hamlin has. Coahoma's enrollment is over 400 while Hamlin has about 240.

For those of you who did not make it out to Coahoma for the Ballinger game you may be wondering how Ballinger could lose to us and then beat Coahoma the next week. It wasn't the same team that played Ballinger that played here Friday night. Probaby Coahoma was thinking more about playing Hamlin than they were about playing Ballinger, but regardless of what their problem was, they didn't play nearly the game against Ballinger that they played here Friday night.

The big Bulldog fullback, Putt Choate who is listed on the program at 200 pounds but must weigh at least 220 was still limping on a bad ankle when he played Ballinger, but there didn't appear to be anything wrong with him this week. You had to admire the youngster because it takes a lot of desire to win to carry the ball 14 times on a 17 play touch-down drive.

But then just about all of the Pipers could match him in this desire department as they were out manned in just about every position but still lined up and played them on even terms for most of the night. Choate was big, but so were the people blocking for him.

Now the Pipers need to get it back together this week and the following week so that they can make their third consecutive trip into the state playoffs. They can still make it with wins over both Stamford and Colorado City, but they need our support more than ever now.

Two more wins will put them into the playoffs and at least a share of the district title. This will depend on the outcome of the Ballinger and Anson game. If Anson beats Ballinger then Hamlin will still own the title outright, but if Ballinger wins this week and then defeats Anson, the Pipers will have to share the title with the Bearcats but will be in the playoffs with their win over Ballinger.

It has been many years since this district has been as strong as it is this year. With one game to go between the top four teams, the point spread among them is just 17. With Anson and Ballinger yet to play each other the winning difference between the top four teams in the five games played has just been this 17 points.

Anson and Coahoma tied, Hamlin defeated Anson by four and Ballinger by three, and lost to Coahoma by six, and Ballinger defeated Coahoma by four.

So it is still quite an honor to represent this district even if your record is marred by a loss. Not only were these four teams tough on each other but they all posted fine non-conference records.

The Pipers need a big win Friday night when they travel to Stamford to get their momentum back up for the playoff trail. And as everyone here knows, Stamford will play like they were the ones fighting for the district title when they take the field against the Pipers. They have had a bad year with only one win but you can forget that Friday night because everyone wants to knock off the leader and this will be especially true in Stamford's case.

At least the Pipers will be playing

PLAYOFFS AT STAKE—

Pied Pipers to Put Title On Line At Stamford

The Pied Pipers will put it all on the line Friday night when they travel to Stamford to meet the Bulldogs. The Pipers must win Friday to keep their playoff berth open following their 13-7 loss to Coahoma last week.

The Pipers are now 3-1 in district, tied with Ballinger and 6-2 for the season. The Bulldogs are 1-3 in district and 1-7 for the season but are a young squad that is getting stronger each week as they gain game experience. They defeated a good Winters team, 18-14, to post their only win of the season.

The Pipers need to win their final two games, against Stamford and Colorado City, for at least a share of the title and their third consecutive trip into the state playoffs. If Ballinger remains undefeated in their final two games the Pipers will have to

share the title with them but will go into the playoffs because of their win over the Bearcats.

Last week while the Pipers were dropping a bruising heart-breaker to Coahoma, 13-7, the Ballinger Bearcats were defeating the Stamford Bulldogs, 44-6, in a homecoming game at Ballinger. Anson was idle while Winters was winning their first district contest with a 34-14 victory over Colorado City.

This week Anson and Winters will meet and Ballinger will travel to Colorado City. Coahoma is idle.

Scouting reports on the Bulldogs show them to be a small young team that likes to throw the football a lot. Top running back for the Bulldogs is sophomore Don

Earl who as a freshman carried the ball 20 times against the Pipers last year for 121 yards.

Quarterbacking the Bulldogs will be Bryon Tabor, another sophomore who is a good passer and he has several good receivers in Stephen Paul Mays, Rory Mays, Mark Lungren and Earl. At fullback will be Mark Thomas.

In the line the Bulldogs will have Larry Dickinson and Farley Peters at the tackles and Burnie Herman and Ronnie Riddle at the guards and Bill Harrell at center.

FOR DAY CARE CENTER—

City Carnival Set Saturday

The second annual City Carnival to benefit the Hamlin Child Day Care Center will be held Saturday at the Hamlin Jaycee Community Building from 6 to 10 p.m.

A number of organizations, clubs and church groups have indicated that they will sponsor booths at the carnival. Others have given cash donations.

Booths planned are Bingo, Cake Walk, baked potatoes, chili and coffee, Mexican food, sock throw, fortune teller, Spook House, dart throw, penny pitch, ring toss, and cold drinks.

Prizes for the bingo are being donated by the retail merchants.

Sponsors of booths will be Xi Gamma Pi, Beta Theta, Order of the Eastern Star, Ladies of Holy Trinity Catholic Church, Future Homemakers, Future Farmers and Board of Community Development.

The Young Homemakers chapter donated \$100 to the Center in October. Other clubs have indicated they will give cash donations.

Many individuals have donated dishes, bed covers, baby beds, high chairs, and many other articles.

Halloween night proceeds from the haunted house set up by members of the Pritchard family netted \$28.00 for the Center. Mary Ann and Sherri Pritchard and Robbey Cockrell donated to the fund.

Mrs. Earl Pritchard were joined by their parents and Mrs. Roy Pritchard, Pam and Deana Pritchard and Darendra Wheat in preparing the haunted house and acting as hosts that evening. Many others helped with props.

Daphne Renfro provided electricity.

Admission to the haunted house was 10 cents.

Youngsters visiting the house found it exciting and several went through more than one time.

HAUNTED HOUSE PROCEEDS PRESENTED — Robbey Cockrell presents Mrs. Bobby Crowley, left, director of the Child Day Care Center, with \$28 received from the Haunted House at Halloween. Others who helped in the project are, from left, Mary Ann Pritchard, Darendra Wheat, Deana Pritchard (in front), Pam Pritchard and Sherri Pritchard, who is holding Twanna Willis, daughter of Mr. and Mrs. David Willis. Twanna and Joe Bonds, front, son of Mr. and Mrs. David Bonds, are two of the children who go to the Center. A city carnival is set Saturday to raise funds for the Center.

Local Merchants Offering 'Auction Bucks' Promotion

Hamlin merchants will kick off a big Shop In Hamlin promotion today (Thursday) when they begin passing out "Hamlin Auction Bucks" with every purchase. The high event is sponsored by the Retail Trade Committee of the BCD.

The merchants will be giving away the Auction Bucks with every purchase between now and Saturday, Nov. 16. The bucks will be used in four auctions to be held on the final day.

Over \$500 in merchandise will be up for grabs during the auctions to be held at 1, 2, 3 and 4 p.m.

Mrs. Robert Fowler, committee chairman, said that the more bucks you accumulate during the nine days of the promotion the better chance you will have to "buy" some of the merchandise to be given away during the auctions.

The bucks will be given with every purchase by the participating merchants but will not be issued for the payment of accounts.

Hospital Taxes Payable Here At City Hall

Tax notices for the recently created Hamlin Hospital District were mailed last week for 1974. The notices were mailed from the Hamlin Tax Office and bills are payable at the City Hall, according to Charles Absher, tax assessor-collector for the district.

Bills paid by mail may be sent to Drawer N, Hamlin, and bills paid in person may be taken to City Hall, 353 South Central.

The taxes are due by Jan. 1, 1975. Discounts for payment in November and December are printed on each statement. Taxes not paid by Jan. 1 will result in penalty and interest added.

Fifty to 60 items will be auctioned off, the total value well over \$500.

Merchants taking part in the program are: Pied Piper Grocery, J.R.B. Super Market, City Food Market, Thrif-Tee Foods, Witt Jewelry, Bill Sauls Gulf, Kiser Texaco, Cloud Carpet,

Frank's Dept. Store, Heidenheimer's, Merle Norman Cosmetics, Harbert Furniture, White's Auto, Arrow Service and Supply, Joe Hudspeth's, Reynolds Drug, Waggoner Drug, Howard Drug Co., Lady Bug, Hamlin Flower Shop, Winn's Stores Inc., and Hamlin Herald.

Roy Lane Wins Race for Tax Assessor-Collector

Roy L. Lane, Democratic nominee for Jones County Tax Assessor-Collector, defeated Herman Reeves in the only county-wide race to develop in the General Election held Tuesday. Reeves conducted an unsuccessful write-in campaign for the office. Lane won by a vote of 1,666 to 1,036.

In the only other contested race in the area, Ray Farabee, Democrat, was an easy winner over his Republican opponent, Mrs. Mary Kirchhoff of Plainview. Farabee collected 50,792 votes in his bid for the 30th District State Senate seat while Mrs. Kirchhoff polled only 13,838. Jones County gave Farabee 2,248 votes to 392 for Mrs. Kirchhoff.

Jones County voters joined voters across the state in giving Democrats a huge victory in all the state-wide races. Dolph Briscoe polled 2,005 votes to Granberry's 450 in the county, while Hobby polled 2,337 votes to 411 for Marshall.

John Hill defeated his Republican opponent 2,444 to 285 in Jones County and Bullock defeated Rowe for Comptroller, 2,389 to 287 in Jones County. Jesse James carried Jones County with a vote of 2,340 to 459 for Holt. In the race for Land Commissioner, Armstrong polled 2,401 to 267 for Grier and John

White won the Agricultural Commission office with 2400 votes to 339 for Fisher.

Latest statewide returns showed Briscoe winning the first four-year term for Governor by polling 720,826 votes to Granberry's 341,291.

The write-in campaign for Jones County Tax Assessor-Collector was launched when Lane was chosen as the Democratic nominee for the office by the Jones County Executive Committee Sept. 4.

Lane, an Anson motel owner, was nominated by the executive committee over Reeves who is serving as temporary tax assessor-collector. Reeves was named by the Jones County Commissioners Court to that position following the resignation of assessor-collector Louis Johnson on June 30.

The race was for the unexpired two-year term vacated by Johnson.

Neinda Philosopher Amazed to Find Human Nature Cropping Up In Russia

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One claims he has discovered something heretofore unknown, his letter this week indicates.

Dear editor:

According to an article I read last night in a newspaper I found on the road near this Johnson grass farm and brought home to recycle the contents, as I understand the energy czar wants us to do, a high Russian official, I can't remember his name and couldn't spell it if I could and neither one of us could pronounce it anyway, has been fired because he was caught building a \$175,000 home out of materials he'd swiped from the government.

This almost bowled me over. I didn't know they had human nature in Russia. I thought all the politicians over there worked night and day for the people and were

satisfied if they got room and board and an occasional medal. All lying and cheating was done to other countries. You mean to tell me human nature is going to crop out, regardless of what form of government it's living under?

Speaking of other countries, I notice that U.S. diplomats are always talking about improving our relations with other countries but nobody ever talks about other countries improving their relations with us. How come no other country once in a while at least isn't afraid of losing our friendship?

Changing the subject again, I understand Washington is considering adding a surcharge on incomes to get more tax money to fight inflation. I've got a better idea, if more tax money is the answer. Give all male government employees a week off, dress them in highway patrolmen's uniforms, and fine everybody driving over 55 miles an hour. At \$20 a fine, and with about

20 million cars on the road, that'd come to 400 million dollars a day, or about 3 billion a week, counting those caught more than once. If that won't quite whip inflation, lower the speed limit to 50 next week and double your take.

Remember, if at first you don't succeed, run for office. Yours faithfully, J.A.

REVISION PUSHED—State Senator Bill Patman of Ganado, will ask the legislature next year to submit to voters at the November 1976 general election the proposed constitutional revision plan rejected (by three votes) at the 1974 Constitutional Convention.

Patman said he settled on the 1976 vote, because an

earlier special election might cost up to \$3 million.

Meanwhile, the League of Women Voters of Texas served notice it will support passage of a bill or resolution calling for a new constitutional convention "as soon as possible." The League said it would "not turn its back on other methods of revision," however.

FROM THE FILES . . .

FIFTY YEARS AGO (November 7, 1924)

The City Council of the City of Hamlin will receive sealed bids on or before Dec. 16, for the keeping of the City Funds. The Council reserved the right to reject any bids.

The Busy Bee's Class of the Baptist Sunday School are doing excellent work. They have twelve workers. The class is steadily increasing.

The members of the Tuesday Forty-two Club and invited friends were most delightfully entertained Tuesday afternoon at the D.O. Sauls home with Miss Mayme Beck as hostess. Autumn flowers gave the pretty floral touch to the rooms where four tables were at play at this pleasant diversion. At the close of the games the hostess served delicious banana pudding and hot coffee with whipped cream.

In response to the unique invitations sent out, the members of the Workers Class of the First Baptist Church, met at the home of Mr. and Mrs. T.E. Hardin, Thursday evening for some Halloween fun.

Mrs. John T. Day was the delightful hostess for the Merry Matrons Club and a few invited friends, Wednesday afternoon, when she entertained at her home on Central Avenue.

D.J. Payne, W.L. Beavers and J.F. Tidwell are spending the week on Devil's River, hunting deer and other big game.

On Thursday afternoon of last week, Mrs. Levi Wilson, Mrs. J.C. Bledsoe and Mrs. W.D. Eakin were hostesses at a splendidly appointed party at the home of Mrs. Wilson on Jackson Avenue.

TWENTY YEARS AGO (November 5, 1954)

Members of the junior class at Hamlin High School led the four classes making the first six-week honor roll released last week by B.V. Newberry, principal. The juniors had 22 on the high ranking list.

A number of visiting singers are expected at the regular singing this evening at the Dovie community church, according to community leaders.

Kent Westbrook, University of Oklahoma student from Hamlin, recently pledged Alpha Phi Omega, national service fraternity, according to a release from Norman, Oklahoma, to The Herald.

Good portion of Hamlin business establishments will observe next Thursday, Nov. 11 as a legal holiday in commemoration of Armistice Day of the first World War. Some firms will close at noon.

Concerted rat control program for Jones County is slated to get underway next week, announces Bill Lehmberg, county agent, under whose general direction the drive will be conducted.

One of two new school buses scheduled to be delivered to the Hamlin Consolidated Independent

School District this year will be driven back from Austin this weekend by Superintendent of Schools I.R. Huchingson.

Officers for the new year were elected when members of the Jones County 4-H Club Council met Saturday morning in the county agent's office at Anson.

TEN YEARS AGO (November 5, 1964)

Riding a three game victory string, the Pied Pipers will host the Winters Blizzards here Friday night in a District 5-AA clash. The winner cannot figure in the district crown but the game will determine how the two teams will rank in the district.

The Hamlin High School B Team will play Merkel at Merkel today at 4 p.m., according to the squad's coach, Dan Truelove.

Mrs. Holly Toler and Mrs. Floyd Briscoe were first place winners in the Hamlin Duplicate Bridge Club play at the Oil Mill Tuesday night. Jack Russell and Mrs. W.O. Willbanks were second and Preston Morrow of Rotan and Harvey Elkins were third.

Plans were made to collect used toys to be distributed to needy children by the Hamlin Camp Fire Council at their meeting at the Hut Monday evening. Mr. and Mrs. Miller Harmon were named to make plans for collecting the toys. They will designate a location for the toys to be deposited later. All residents are urged to get their toys ready now for this project.

Janice Hill, daughter of Mr. and Mrs. A.D. Hill of Sylvester, has been named as Jones County Gold Star girl for 1964, according to Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. This decision was made after her record was judged out of the county.

Gil Lain, 13 year-old-son of Mr. and Mrs. Dale Lain of Hamlin was named Jones County 4-H Gold Star award winner for 1964.

NEWS AND VIEWS. . . And What Have You Continued from page 1

a team more nearly their own size this week for the first time since the Rotan or Haskell game. In fact, the Pipers may even be bigger than the Bulldogs of Stamford, but we have known Coach Bill Anderson for a long time and know that the boys he puts on the field will be playing their best regardless of their size.

Let's all go to Stamford Friday and back the Pipers, they have not let us down this year and let's not let them down now. The fan support for the Pipers has been great this year with just about a full house for every game and they will need your support more than ever this week to over come that bruising loss last week to Coahoma.

Where have the LEAVES Gone?

Trees without their leaves, are like a Church building without the people. The real warmth, friendliness, and welcome atmosphere are created by the people. All of these things are a real aid to worship.

"Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness."

Come, be one among many to share in the joy of worshipping in the Lord's house

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN — Regardless of whether voters were steamed up about the November 5 general election, it cost the candidates a bundle to run.

Gov. Dolph Briscoe led the spending. His \$1.2 million in outlays topped that of his nearest rival, Republican Jim Granberry, two-to-one.

Granberry listed contributions of \$521,462 and expenditures at \$536,545.

Briscoe reported about \$1.3 million in contributions and loans, including \$645,000 of his own money.

Second highest spending was in the heated race for state comptroller. Democrat Bob Bullock said he received \$130,701 in contributions and spent \$129,369. His Republican opponent, Nick Rowe, itemized \$36,274 in donations and \$31,877 in spending.

Opposition from Republican Robert Holt caused veteran State Treasurer Jesse James to spend \$85,807 in a media campaign. James raised \$86,408. Holt spent \$32,124 and raised \$37,032.

Even candidates with light opposition saw fit to put together sizable war-chests. Lt. Gov. Bill Hobby, for example, took in \$117,599 and spent \$101,420, although his Republican challenger Gaylord Marshall had only \$10,564 in donations and spent \$21,760.

Atty. Gen. John Hill reported spending \$92,415 of \$99,822 contributed.

Agriculture Commissioner John C. White spent \$57,810 and received \$58,643, while his GOP opponent, Zack Fisher of Memphis, settled for a \$47,000 campaign and less than \$40,000 in donations and loans.

TEACHERS WANT RAISE — Texas State Teachers Association's legislative committee has voted to ask the legislature to raise the pay of teachers to about \$12,000 a year.

Texas teachers want at least \$500 over the U.S. average beginning with the 1975-76 school year.

The U.S. average in 1973-74 was \$10,673, but TSTA officials calculate it will go up to \$11,761 in 1975-76.

Average teacher pay in Texas was \$8,967 last school year placing Texas in 37th place among 50 states.

Another committee legislative proposal was for a 75 per cent increase in state funds for school bus transportation.

PLAZA OFFERED — The State Bar of Texas has offered to develop and give to the state a \$700,000 memorial plaza and underground parking facility in the capitol area.

The plaza will be located near the proposed new \$5 million Texas Law Center, the State Bar's future headquarters which is just about to be constructed.

Atty. Gen. John Hill, a member of the State Building Commission, recommended the legislature be asked to appropriate funds for two additional levels of parking under the scenic plaza in order to help relieve auto congestion in the crowded capitol area.

COURTS SPEAK — The State Supreme Court upheld removal of Wichita County District Attorney Jimmie Phagan after disbarment.

The high court threw out Nueces County law officers' appeal of an injunction forbidding them from enforcing a new "handgun" law against an armored car service.

Supreme Court justices divided five-to-four in affirming action of a Randall County judge who set trial of a suit on promissory note without notifying the defendant.

The Court of Criminal Appeals reversed and remanded revocation of probation of an Hidalgo County man because the prosecution didn't prove a violation "by greater weight of evidence".

The same court reversed and remanded life sentence of a Bexar County man for murder and a 35-year sentence of an Austin man who fired at a police officer.

AG OPINIONS — A woman has the right to decide at the time of her marriage whether she wants her married name or maiden name on her driver's license and other licenses, permits or personnel application, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

The security charge is an element of lowest airline fares used in computation of reimbursable expenses for use of a personal vehicle.

The legislature can enact legislation utilizing a formula of matching dollar-for-dollar all federal funds available for grants to Aid to Families with Dependent Children. But it has not given the Department of Public

TESTING FOR SWEETNESS — Before oranges or grapefruit move out of the Lower Rio Grande Valley, they must be tested for maturity, according to Agriculture Commissioner John C. White. Tests include checking the amount of juice, the amount of solids in the juice and the ratio of acid to sugar. Tests are handled scientifically by the Texas Department of Agriculture Regulatory Division of the Texas-Federal Inspection Service in San Juan.

New Research Shifts Heart Disease Blame

AUSTIN — A new trend in heart disease reporting which does not place all the blame on a single factor such as heavy fat content in the diet

may be surfacing.

Recent reports on heart disease research have shown that many factors enter into the possibility of heart attacks and related illnesses.

Welfare authority to prescribe policies by rules altering effect of state laws in conflict with federal statutes.

A student's records at a teacher placement service are to be made available to her or him on request.

Material supporting University of Texas regents' agenda for meetings is public information so far as it reflects factual matters.

Material on the performance of a state university faculty member is available under the open records act.

Federal office candidates do not have to file reports on campaign finances with the state other than copies of federally-required material.

Certificates of deposit and cashiers checks deposited to satisfy the bail bondsman's licensing act should be executed in the name of the county treasurer.

One article in a major news magazine recently brought to light the necessity of indigestible fiber in the diet. Research cited was from British surgeons who conducted elaborate experiments regarding fiber in the diet with volunteers from England, India and Africa.

Their findings concluded that higher cholesterol levels are the result of too little roughage in the diet.

Another study by British doctors resulted in their

ELECTRICITY

We Couldn't Do Without It!

You might think that is an odd statement for a natural gas company to say about electricity. But it's true! There are some things that only electricity can do...like lighting, refrigeration and the many other jobs that it does so well and so easily. But —

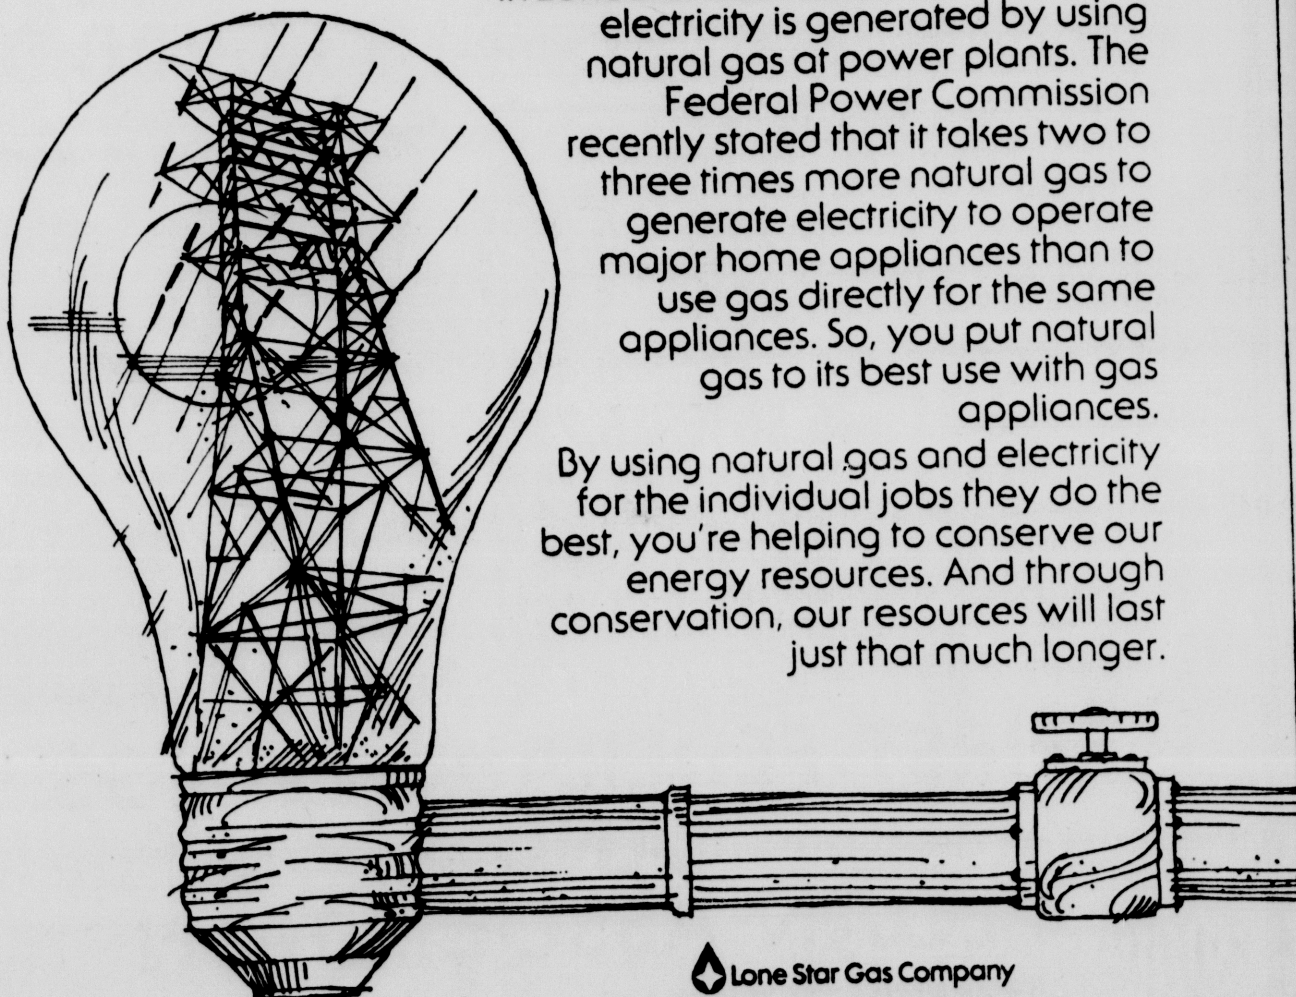

NATURAL GAS

Generates The Electricity You Use!

In Lone Star's service area most of the electricity is generated by using natural gas at power plants. The

Federal Power Commission recently stated that it takes two to three times more natural gas to generate electricity to operate major home appliances than to use gas directly for the same appliances. So, you put natural gas to its best use with gas appliances.

By using natural gas and electricity for the individual jobs they do the best, you're helping to conserve our energy resources. And through conservation, our resources will last just that much longer.

Pipers Are Overpowered By Coahoma Here Friday

The Pied Pipers, giving up 30 to 40 pounds per man, were not able to stop the tank like running of Coahoma's Put Choate here Friday night and lost their first district contest, 13-7. The Pipers battled Coahoma on even terms for most of the night but the size and weight of the Bulldogs took its toll in the final period as they put together a 68-yard drive that took 17 plays and used up nearly eight minutes on the clock.

The Bulldogs drove 71 yards in five plays to score on their first possession of the football before the Piper defense caught fire and contained the Coahoma onslaught until their fourth quarter drive.

The Pipers missed a first quarter touchdown when Jonny Jones stepped out of bounds at the Coahoma six-yard line following a 45-yard run. The Pipers failed to score in four plays and gave up the ball on the Bulldog three.

Daniel Willis scored the Piper touchdown in the opening minutes of the fourth quarter when he took the option pitch from Quarterback Tracy Rowland and raced around his left end. He danced his way through two waves of Bulldog tacklers and made it into the endzone standing up with his point after, but the Bulldogs opened up their 17-yard touchdown drive following the kickoff.

Choate, the night's leading ball carrier with 208 yards in 35 carries, carried the ball 14 of the 17 times during the drive and scored from the one-foot line.

Jones moved back over the 100-yard mark for the Pipers this week with 145 yards in 22 carries to bring his total up to 1,186 for the season on 148 carries, an average of eight yards per try.

One of the highlights of the game was the punting duel put on by the two quarterbacks. Hamlin's Rowland took a slight edge in this department with six for 237 yards for an average of 39.5 while Coahoma's Jody Bennett punted six times for 227 yards for an average of 38 yards. But the big difference was in the field position following the punt with Rowland punting to the Bulldog 5, 10, and 1-yard lines with three of his punts.

Coahoma took the opening kickoff and started their first touchdown drive from their own 29. The Bulldogs moved to the Piper 34 in four plays and then the big Bulldog fullback broke over right tackle for the 34 yards and the score. Bennett kicked the point after with 10:26 left in the first period.

Ricci Harugty returned the Bulldog kickoff back to the Hamlin 33 and on third down Jones picked up 10 yards and a first down at the Coahoma 45. But two incomplete passes forced Rowland to punt with Coahoma taking over on the 20.

The Bulldogs moved out to the 32 before William Brown picked off a Bennett pass. A clipping penalty moved the Pipers back to their own 49. Jones ran a trap over his left tackle and broke out of the secondary, dodged a would be tackler at about the 10 but then stepped out of bounds at the six. Rowland's pass to Oscar Marshall was just out of his reach and then Jones carried for four to the two-yard line and then was dropped back to the three on the next play. On fourth down Rowland tried another pass, this time to Willis, that fell incomplete.

Coahoma, aided by two 15-yard penalties, moved to the Hamlin 33 before being forced to punt. A third down pass play was broken up by Russell May to kill the drive and force the punt.

The Pipers took over on their own five and a second down trap play by Steve Evans gave the Pipers a first down at the 23. Facing third and five, Rowland connected with Willis for a 21-yard pass to the 49. Three plays netted seven yards and Rowland

was forced to punt, this one going to the Bulldog five.

The Piper defense held the Bulldogs and they punted out to the Coahoma 46. Willis gained two yards and then two passes went incomplete and Rowland was forced to punt again, this one going to the 10. Coahoma drew a five-yard penalty and failed to make a first and punted again with Hamlin taking over at the Hamlin 49.

The Pipers failed to make their first and Rowland punted to the Bulldog 28. Bennett carried for 18 yards to the 46 before the Piper defense forced them to punt again, this time to the Piper eight. The Pipers picked up a first down at the 18 as time ran out in the first half.

The Pipers failed to make a first down following the second half kickoff and Rowland punted 46 yards to the Coahoma 20. The Bulldogs picked up four first downs in moving the ball to the Hamlin 24 before Luke Reynolds picked off a Bennett pass at the Hamlin 17.

Jones carried for 14 yards to the 31, then added seven more. Rowland carried for two and then pitched to Willis on the option for 13 to the Coahoma 45. But the Piper drive stalled and Rowland punted out of bounds at the Bulldog one. The Bulldogs gained seven yards in three plays and punted to the Hamlin 45.

Willis carried for eight yards and then Jones picked up eight for a first down at the Bulldog 39. Rowland gained six and Coahoma drew a 15-yard penalty for a first down at the 17. Willis picked up three, Jones five and then Willis took the pitch from Rowland, outraced one defender to the corner, turned up field and dodged five or six Coahoma tacklers before making it into the endzone. Rowland tied the game with his extra point kick with 9:42 left on the clock.

Coahoma started from their own 31 following the kickoff and Choate carried for gains of 8, 9, 7, and 5 before being stopped for no gain and the Bulldogs drew a 15-yard penalty. Oscar Pardon picked up 10 and then Choate carried for seven and two for a first down at the Hamlin 31. Pardon carried for three, Choate picked up five, two, and four to the Hamlin 17. Pardon carried for a first down at the 11 and then Choate carried for six, three, zero and then scored from the one-foot line on fourth down. The kick was no

good and Coahoma led, 13-7 with 2:06 left on the clock.

Brown returned the kickoff back to his 27 and the Pipers came out in a shotgun offense with Coahoma drawing a 15-yard penalty on first down to give the Pipers a first down at the 43. But the Pipers lost a down and five yards on a penalty on the next play and on second down Rowland's pass was short to Jones and Bennett picked it off and returned it to midfield.

The Pipers held the Bulldogs and forced them to punt with 1:19 left on the clock. Willis carried for two, and Jones picked up 20 yards to the 27. Coahoma drew a 15-yard penalty to give the Pipers the ball on the 42. Jones ripped off nine yards before going down at the 42. He lost his balance dodging one Coahoma tackler and stumbled over the only defender between him and Bulldog goal line some 58 yards away. The Pipers got off one more play before the game ended but it failed to break for any yardage.

The Pipers are now tied with Ballinger for the district title and need two wins to make it into the playoffs.

'Open Dating' Deadline Extended

AUSTIN—New U. S. Department of Agriculture (USDA) regulations covering "open dating" of meat and poultry products will go into effect Dec. 8, not Sept. 8 as previously announced.

Officials noted that some processors and retailers have initiated open dating programs coupled with consumer education. They said the Sept. 8 date would force these business people to suspend these programs since they and their federally-inspected suppliers could not obtain the necessary equipment to make changes in their current open dating of meat and poultry products.

Texas Agriculture Commissioner John C. White said the regulations will provide consumers with significantly more information on the freshness or shelf life of meat and poultry products. Under the USDA regulations any calendar date used on meat or poultry products processed under federal inspection will have to be identified by a "packing date," "use before" or "sell by" date. These dates may be further qualified by phrases such as "for maximum freshness."

The regulations do not apply to fresh meats that are cut up and packaged in the individual retail stores.

Mr. and Mrs. Charles Hubert Morrison of Aspermont are parents of a boy, John Joseph, 7 lbs. 5 1/2 oz., born in Hamlin Memorial Hospital Nov. 3 at 9:20 a.m.

Services Held Wednesday For Mrs. Weldon Johnson

Mrs. Weldon Johnson, 59, retired junior high school teacher, was found dead in her car about 6 p.m. Monday, apparently of natural causes.

A physician who ruled on her death at the scene said the death was the result of a lengthy illness, and Justice of the Peace John Barnett said there would be no formal inquiry.

Services were held Wednesday at 4 p.m. in First Baptist Church with the pastor, the Rev. Howard Jones, officiating.

She had taught school for 27 years, first in Avoca and Noodle briefly and then in Hamlin Junior High School. Ill health forced her early retirement in December, 1972.

Born Bernice Rose Fairey Mar. 11, 1915, in Hico, she was the daughter of the late Mr. and Mrs. Edward (Deacon) Fairey. They moved to Stamford and later moved to Hamlin. Her father was a pioneer building contractor here.

She married Weldon R. Johnson Mar. 15, 1939. He is employed by Santa Fe Railway.

She received a B.S. degree from Texas Women's University in Denton. A member of First Baptist Church, she taught in the Sunday School for many years. She was named Ex-student Homecoming Queen, life member of Parent-Teachers Association and member of Texas State Teachers Association.

Burial was in Hamlin Memorial Gardens under the direction of McCoy Funeral Home.

She is survived by her husband; one son, Weldon R. (Bob) Johnson Jr. of Corpus Christi; one daughter, Mrs. Fairey Sue Townley of Dell City; three brothers, Edward

MRS. WELDON JOHNSON services held Wednesday

Fairey of El Paso, Archie of Rotan and R.N. of Hurst; four grandchildren, Robert and David Johnson of Corpus Christi and Matt and Merideth Townley of Dell City.

The family requested that remembrances be made to the building fund of First Baptist Church.

THE FAMILY LAWYER

Money By Mistake

Martin took a \$37.50 check to the bank to be cashed. But the teller, absentmindedly overlooking the decimal point, counted out \$3,750. Martin accepted the money without a word and went home rejoicing.

But his joy did not last long. The bank discovered the mistake, reclaimed the money, and then had Martin arrested on a charge of larceny.

At the trial, he pleaded not guilty.

"It was their error, not mine," he reasoned. "They gave me that money of their own free will."

Nevertheless, the court ruled that Martin was indeed guilty of larceny. The court said he committed the crime by taking money that he knew wasn't his, fully intending to keep it.

Courts generally agree. In the view of the law, an accidental overpayment is supposed to be handed back at once.

But what if Martin had accepted the money in all innocence, not discovering the error until he got home? If he decided at that point to keep it, would he be guilty of larceny?

Many courts say no, although he would probably be guilty of a lesser offense. As one judge explained, larceny technically involves a dishonest purpose at the very moment of taking.

Nor is it larceny if someone takes another person's property under the mistaken—but reasonable—belief that he has a legal right to do so.

That kind of a case arose when a landlady noticed that one of her roomers had spilled ink on a carpet. To make sure he would pay for cleaning the carpet, she took a watch out of his room as security.

As a matter of law, she had no claim on the watch. But when the roomer had her haled into court on a charge of larceny, the judge found her not guilty. The judge said she had acted in good faith, without the slightest intention of keeping the watch for herself.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

The Pipers lost a heart-breaker to Coahoma here Friday night but they don't have to apologize to anyone for the way they played. It took a lot of raw courage just to line up on the field with a team as big as Coahoma.

It is hard to realize how any AA team can come up with that many boys as big as they were. Of course it helps when you have about twice as many kids in school as Hamlin has. Coahoma's enrollment is over 400 while Hamlin has about 240.

For those of you who did not make it out to Coahoma for the Ballinger game you may be wondering how Ballinger could lose to us and then beat Coahoma the next week. It wasn't the same team that played Ballinger that played here Friday night. Probably Coahoma was thinking more about playing Hamlin than they were about playing Ballinger, but regardless of what their problem was, they didn't play nearly the game against Ballinger that they played here Friday night.

The big Bulldog fullback, Putt Choate who is listed on the program at 200 pounds but must weigh at least 220 was still limping on a bad ankle when he played Ballinger, but there didn't appear to be anything wrong with him this week. You had to admire the youngster because it takes a lot of desire to win to carry the ball 14 times on a 17 play touch-down drive.

But then just about all of the Pipers could match him in this desire department as they were out manned in just about every position but still lined up and played them on even terms for most of the night. Choate was big, but so were the people blocking for him.

Now the Pipers need to get it back together this week and the following week so that they can make their third consecutive trip into the state playoffs. They can still make it with wins over both Stamford and Colorado City, but they need our support more than ever now.

Two more wins will put them into the playoffs and at least a share of the district title. This will depend on the outcome of the Ballinger and Anson game. If Anson beats Ballinger then Hamlin will still own the title outright, but if Ballinger wins this week and then defeats Anson, the Pipers will have to share the title with the Bearcats but will be in the playoffs with their win over Ballinger.

It has been many years since this district has been as strong as it is this year. With one game to go between the top four teams, the point spread among them is just 17. With Anson and Ballinger yet to play each other the winning difference between the top four teams in the five games played has just been this 17 points.

Anson and Coahoma tied, Hamlin defeated Anson by four and Ballinger by three, and lost to Coahoma by six, and Ballinger defeated Coahoma by four.

So it is still quite an honor to represent this district even if your record is marred by a loss. Not only were these four teams tough on each other but they all posted fine non-conference records.

The Pipers need a big win Friday night when they travel to Stamford to get their momentum back up for the playoff trail. And as everyone here knows, Stamford will play like they were the ones fighting for the district title when they take the field against the Pipers. They have had a bad year with only one win but you can forget that Friday night because everyone wants to knock off the leader and this will be especially true in Stamford's case.

At least the Pipers will be playing

PLAYOFFS AT STAKE—

Pied Pipers to Put Title On Line At Stamford

The Pied Pipers will put it all on the line Friday night when they travel to Stamford to meet the Bulldogs. The Pipers must win Friday to keep their playoff berth open following their 13-7 loss to Coahoma last week.

The Pipers are now 3-1 in district, tied with Ballinger and 6-2 for the season. The Bulldogs are 1-3 in district and 1-7 for the season but are a young squad that is getting stronger each week as they gain game experience. They defeated a good Winters team, 18-14, to post their only win of the season.

The Pipers need to win their final two games, against Stamford and Colorado City, for at least a share of the title and their third consecutive trip into the state playoffs. If Ballinger remains undefeated in their final two games the Pipers will have to

share the title with them but will go into the playoffs because of their win over the Bearcats.

Last week while the Pipers were dropping a bruising heart-breaker to Coahoma, 13-7, the Ballinger Bearcats were defeating the Stamford Bulldogs, 44-6, in a homecoming game at Ballinger. Anson was idle while Winters was winning their first district contest with a 34-14 victory over Colorado City.

This week Anson and Winters will meet and Ballinger will travel to Colorado City. Coahoma is idle.

Scouting reports on the Bulldogs show them to be a small young team that likes to throw the football a lot. Top running back for the Bulldogs is sophomore Don

Hamlin Stage Band Is Invited to Tour Europe

The Hamlin High School Stage Band has been invited to participate in the Third Annual European Concert Tour for 16 days in July, 1975.

Tim Jones, director, received the invitation from Joseph L. Bellamah, president of International Jazz Tours, Inc.

Jaycees Offer Labor for Park Project Here

The Hamlin Jaycees voted at their Wednesday night meeting to assist with Hamlin's Bicentennial project by donating labor. Harvey Lawlis, president, said the members will help with the clean up and other work. All members will participate.

The project is the purchase of the property, the removal of Victoria Courts from the site and construction of a roadside park at the south edge of the city.

Mr. and Mrs. Tom Cammack of Hobbs, N.M., spent Sunday and Monday with her parents, Mr. and Mrs. A.H. Milsap.

Only four high school jazz ensembles from throughout the United States are accepted on this tour. Hamlin's selection for this honor was based on the stage band's winning of the AA class competition at the Brownwood Stage Band Festival this year.

"The tour is neither a contest nor festival, but rather, is designed solely for students to mature educationally, culturally, and musically," Bellamah said. "We shall be touring in six countries and will play concerts in London, Paris, Innsbruck, Salzburg and Munich. There will also be radio and television appearances," he added.

More information concerning the trip will be received by Jones after printing of brochures is complete. "We are only interested in taking the most outstanding high school groups in this country. We know that any band winning in the Brownwood Festival is certainly one of those elite bands," Bellamah said.

Director Jones has sent letters to the 24 stage band members and meetings will be held to discuss the possible acceptance of the invitation.

Local Merchants Offering 'Auction Bucks' Promotion

Hamlin merchants will kick off a big Shop In Hamlin promotion today (Thursday) when they begin passing out "Hamlin Auction Bucks" with every purchase. The huge event is sponsored by the Retail Trade Committee of the BCD.

The merchants will be giving away the Auction Bucks with every purchase between now and Saturday, Nov. 16. The bucks will be used in four auctions to be held on the final day.

Over \$500 in merchandise will be up for grabs during the auctions to be held at 1, 2, 3 and 4 p.m.

Mrs. Robert Fowler, committee chairman, said that the more bucks you accumulate during the nine days of the promotion the better chance you will have to "buy" some of the merchandise to be given away during the auctions.

The bucks will be given with every purchase by the participating merchants but will not be issued for the payment of accounts.

Hospital Taxes Payable Here At City Hall

Tax notices for the recently created Hamlin Hospital District were mailed last week for 1974. The notices were mailed from the Hamlin Tax Office and bills are payable at the City Hall, according to Charles Absher, tax assessor-collector for the district.

Bills paid by mail may be sent to Drawer N, Hamlin, and bills paid in person may be taken to City Hall, 353 South Central.

The taxes are due by Jan. 1, 1975. Discounts for payment in November and December are printed on each statement. Taxes not paid by Jan. 1 will result in penalty and interest added.

Fifty to 60 items will be auctioned off, the total value well over \$500.

Merchants taking part in the program are: Pied Piper Grocery, J.R.B. Super Market, City Food Market, Thrif-Tee Foods, Witt Jewelry, Bill Sauls Gulf, Kiser Texaco, Cloud Carpet,

Frank's Dept. Store, Heidenheimer's, Merle Norman Cosmetics, Harbert Furniture, White's Auto, Arrow Service and Supply, Joe Hudspeth's, Reynolds Drug, Waggoner Drug, Howard Drug Co., Lady Bug, Hamlin Flower Shop, Winn's Stores Inc., and Hamlin Herald.

Roy Lane Wins Race for Tax Assessor-Collector

Roy L. Lane, Democratic nominee for Jones County Tax Assessor-Collector, defeated Herman Reeves in the only county-wide race to develop in the General Election held Tuesday. Reeves conducted an unsuccessful write-in campaign for the office. Lane won by a vote of 1,666 to 1,036.

In the only other contested race in the area, Ray Farabee, Democrat, was an easy winner over his Republican opponent, Mrs. Mary Kirchoff of Plainview. Farabee collected 50,792 votes in his bid for the 30th District State Senate seat while Mrs. Kirchoff polled only 13,838. Jones County gave Farabee 2,248 votes to 392 for Mrs. Kirchoff.

Jones County voters joined voters across the state in giving Democrats a huge victory in all the state-wide races. Dolph Briscoe polled 2,005 votes to Granberry's 450 in the county, while Hobby polled 2,337 votes to 411 for Marshall.

John Hill defeated his Republican opponent 2,444 to 285 in Jones County and Bullock defeated Rowe for Comptroller, 2,389 to 287 in Jones County. Jesse James carried Jones County with a vote of 2,340 to 459 for Holt. In the race for Land Commissioner, Armstrong polled 2,401 to 267 for Grier and John

White won the Agricultural Commission office with 2400 votes to 339 for Fisher.

Latest statewide returns showed Briscoe winning the first four-year term for Governor by polling 720,826 votes to Granberry's 341,291.

The write-in campaign for Jones County Tax Assessor-Collector was launched when Lane was chosen as the Democratic nominee for the office by the Jones County Executive Committee Sept. 4. Lane, an Anson motel owner, was nominated by the executive committee over Reeves who is serving as temporary tax assessor-collector. Reeves was named by the Jones County Commissioners Court to that position following the resignation of assessor-collector Louis Johnson on June 30.

The race was for the unexpired two-year term vacated by Johnson.

Neinda Philosopher Amazed to Find Human Nature Cropping Up In Russia

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One claims he has discovered something heretofore unknown, his letter this week indicates.

Dear editor:

According to an article I read last night in a newspaper I found on the road near this Johnson grass farm and brought home to recycle the contents, as I understand the energy czar wants us to do, a high Russian official, I can't remember his name and couldn't spell it if I could and neither one of us could pronounce it anyway, has been fired because he was caught building a \$175,000 home out of materials he'd swiped from the government.

This almost bowled me over. I didn't know they had human nature in Russia. I thought all the politicians over there worked night and day for the people and were

satisfied if they got room and board and an occasional medal. All lying and cheating was done to other countries. You mean to tell me human nature is going to crop out, regardless of what form of government it's living under?

Speaking of other countries, I notice that U.S. diplomats are always talking about improving our relations with other countries but nobody ever talks about other countries improving their relations with us. How come no other country once in a while at least isn't afraid of losing our friendship?

Changing the subject again, I understand Washington is considering adding a surcharge on incomes to get more tax money to fight inflation. I've got a better idea, if more tax money is the answer. Give all male government employees a week off, dress them in highway patrolmen's uniforms, and fine everybody driving over 55 miles an hour. At \$20 a fine, and with about

20 million cars on the road, that'd come to 400 million dollars a day, or about 3 billion a week, counting those caught more than once. If that won't quite whip inflation, lower the speed limit to 50 next week and double your take.

Remember, if at first you don't succeed, run for office. Yours faithfully, J.A.

REVISION PUSHED—State Senator Bill Patman of Gando, will ask the legislature next year to submit to voters at the November 1976 general election the proposed constitutional revision plan rejected (by three votes) at the 1974 Constitutional Convention.

Patman said he settled on the 1976 vote, because an

earlier special election might cost up to \$3 million.

Meanwhile, the League of Women Voters of Texas served notice it will support passage of a bill or resolution calling for a new constitutional convention "as soon as possible." The League said it would "not turn its back on other methods of revision," however.

FROM THE FILES . . .

FIFTY YEARS AGO (November 7, 1924)

The City Council of the City of Hamlin will receive sealed bids on or before Dec. 16, for the keeping of the City Funds. The Council reserved the right to reject any bids.

The Busy Bee's Class of the Baptist Sunday School are doing excellent work. They have twelve workers. The class is steadily increasing.

The members of the Tuesday Forty-two Club and invited friends were most delightfully entertained Tuesday afternoon at the D.O. Sauls home with Miss Mayme Beck as hostess. Autumn flowers gave the pretty floral touch to the rooms where four tables were at play at this pleasant diversion. At the close of the games the hostess served delicious banana pudding and hot coffee with whipped cream.

In response to the unique invitations sent out, the members of the Workers Class of the First Baptist Church, met at the home of Mr. and Mrs. T.E. Hardin, Thursday evening for some Halloween fun.

Mrs. John T. Day was the delightful hostess for the Merry Matrons Club and a few invited friends, Wednesday afternoon, when she entertained at her home on Central Avenue.

D.J. Payne, W.L. Beavers and J.F. Tidwell are spending the week on Devil's River, hunting deer and other big game.

On Thursday afternoon of last week, Mrs. Levi Wilson, Mrs. J.C. Bledsoe and Mrs. W.D. Eakin were hostesses at a splendidly appointed party at the home of Mrs. Wilson on Jackson Avenue.

TWENTY YEARS AGO (November 5, 1954)

Members of the junior class at Hamlin High School led the four classes making the first six-week honor roll released last week by B.V. Newberry, principal. The juniors had 22 on the high ranking list.

A number of visiting singers are expected at the regular singing this evening at the Dovie community church, according to community leaders.

Kent Westbrook, University of Oklahoma student from Hamlin, recently pledged Alpha Phi Omega, national service fraternity, according to a release from Norman, Oklahoma, to The Herald.

Good portion of Hamlin business establishments will observe next Thursday, Nov. 11 as a legal holiday in commemoration of Armistice Day of the first World War. Some firms will close at noon.

Concerted rat control program for Jones County is slated to get underway next week, announces Bill Lehmberg, county agent, under whose general direction the drive will be conducted.

One of two new school buses scheduled to be delivered to the Hamlin Consolidated Independent

School District this year will be driven back from Austin this weekend by Superintendent of Schools I.R. Huchingson.

Officers for the new year were elected when members of the Jones County 4-H Club Council met Saturday morning in the county agent's office at Anson.

TEN YEARS AGO (November 5, 1964)

Riding a three game victory string, the Pied Pipers will host the Winters Blizzards here Friday night in a District 5-AA clash. The winner cannot figure in the district crown but the game will determine how the two teams will rank in the district.

The Hamlin High School B Team will play Merkel at Merkel today at 4 p.m., according to the squad's coach, Dan Truelove.

Mrs. Holly Toler and Mrs. Floyd Briscoe were first place winners in the Hamlin Duplicate Bridge Club play at the Oil Mill Tuesday night. Jack Russell and Mrs. W.O. Willbanks were second and Preston Morrow of Rotan and Harvey Elkins were third.

Plans were made to collect used toys to be distributed to needy children by the Hamlin Camp Fire Council at their meeting at the Hut Monday evening. Mr. and Mrs. Miller Harmon were named to make plans for collecting the toys. They will designate a location for the toys to be deposited later. All residents are urged to get their toys ready now for this project.

Janice Hill, daughter of Mr. and Mrs. A.D. Hill of Sylvestre, has been named as Jones County Gold Star girl for 1964, according to Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. This decision was made after her record was judged out of the county.

a team more nearly their own size this week for the first time since the Rotan or Haskell game. In fact, the Pipers may even be bigger than the Bulldogs of Stamford, but we have known Coach Bill Anderson for a long time and know that the boys he puts on the field will be playing their best regardless of their size.

Let's all go to Stamford Friday and back the Pipers, they have not let us down this year and let's not let them down now. The fan support for the Pipers has been great this year with just about a full house for every game and they will need your support more than ever this week to over come that bruising loss last week to Coahoma.

Where have the LEAVES Gone?

Trees without their leaves, are like a Church building without the people. The real warmth, friendliness, and welcome atmosphere are created by the people. All of these things are a real aid to worship.

"Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness."

Come, be one among many to share in the joy of worshiping in the Lord's house

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN — Regardless of whether voters were steamed up about the November 5 general election, it cost the candidates a bundle to run.

Gov. Dolph Briscoe led the spending. His \$1.2 million in outlays topped that of his nearest rival, Republican Jim Granberry, two-to-one.

Granberry listed contributions of \$521,462 and expenditures of \$536,545.

Briscoe reported about \$1.3 million in contributions and loans, including \$645,000 of his own money.

Second highest spending was in the heated race for state comptroller. Democrat Bob Bullock said he received \$130,701 in contributions and spent \$129,369. His Republican opponent, Nick Rowe, itemized \$36,274 in donations and \$31,877 in spending.

Opposition from Republican Robert Holt caused veteran State Treasurer Jesse James to spend \$85,807 in a media campaign. James raised \$86,408. Holt spent \$32,124 and raised \$37,032.

Even candidates with light opposition saw fit to put together sizable war-chests. Lt. Gov. Bill Hobby, for example, took in \$117,599 and spent \$101,420, although his Republican challenger Gaylord Marshall had only \$10,564 in donations and spent \$21,760.

Atty. Gen. John Hill reported spending \$92,415 of \$99,822 contributed.

Agriculture Commissioner John C. White spent \$57,810 and received \$58,643, while his GOP opponent, Zack Fisher of Memphis, settled for a \$47,000 campaign and less than \$40,000 in donations and loans.

TEACHERS WANT RAISE — Texas State Teachers Association's legislative committee has voted to ask the legislature to raise the pay of teachers to about \$12,000 a year.

Texas teachers want at least \$500 over the U.S. average beginning with the 1975-76 school year.

The U.S. average in 1973-74 was \$10,673, but TSTA officials calculate it will go up to \$11,761 in 1975-76.

Average teacher pay in Texas was \$8,967 last school year placing Texas in 37th place among 50 states.

Another committee legislative proposal was for a 75 per cent increase in state funds for school bus transportation.

PLAZA OFFERED — The State Bar of Texas has offered to develop and give to the state a \$700,000 memorial plaza and underground parking facility in the capitol area.

The plaza will be located near the proposed new \$5 million Texas Law Center, the State Bar's future headquarters which is just about to be constructed.

Atty. Gen. John Hill, a member of the State Building Commission, recommended the legislature be asked to appropriate funds for two additional levels of parking under the scenic plaza in order to help relieve auto congestion in the crowded capitol area.

COURTS SPEAK — The State Supreme Court upheld removal of Wichita County District Attorney Jimmie Phagan after disbarment.

The high court threw out Nueces County law officers appeal of an injunction forbidding them from enforcing a new "handgun" law against an armored car service.

Supreme Court justices divided five-to-four in affirming action of a Randall County judge who set trial of a suit on promissory note without notifying the defendant.

The Court of Criminal Appeals reversed and remanded revocation of probation of an Hidalgo County man because the prosecution didn't prove a violation "by greater weight of evidence."

The same court reversed and remanded life sentence of a Bexar County man for murder and a 35-year sentence of an Austin man who fired at a police officer.

AG OPINIONS — A woman has the right to decide at the time of her marriage whether she wants her married name or maiden name on her driver's license and other licenses, permits or personnel application, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

The security charge is an element of lowest airline fares used in computation of reimbursable expenses for use of a personal vehicle.

The legislature can enact legislation utilizing a formula of matching dollar-for-dollar all federal funds available for grants to Aid to Families with Dependent Children. But it has not given the Department of Public

TESTING FOR SWEETNESS — Before oranges or grapefruit move out of the Lower Rio Grande Valley, they must be tested for maturity, according to Agriculture Commissioner John C. White. Tests include checking the amount of juice, the amount of solids in the juice and the ratio of acid to sugar. Tests are handled scientifically by the Texas Department of Agriculture Regulatory Division of the Texas-Federal Inspection Service in San Juan.

New Research Shifts Heart Disease Blame

AUSTIN — A new trend in heart disease reporting which does not place all the blame on a single factor such as heavy fat content in the diet

may be surfacing.

Recent reports on heart disease research have shown that many factors enter into the possibility of heart attacks and related illnesses.

"Certain agricultural products have taken the blame in causing heart disease and the market has reflected this," said Agriculture Commissioner John C. White. "Now it is being shown that the entire diet and numerous other factors are at the root of heart attacks."

One article in a major news magazine recently brought to light the necessity of indigestible fiber in the diet. Research cited was from British surgeons who conducted elaborate experiments regarding fiber in the diet with volunteers from England, India and Africa.

Their findings concluded that higher cholesterol levels are the result of too little roughage in the diet.

Another study by British doctors resulted in their

Welfare authority to prescribe policies by rules altering effect of state laws in conflict with federal statutes.

A student's records at a teacher placement service are to be made available to her or him on request.

Material supporting University of Texas regents' agenda for meetings is public information so far as it reflects factual matters.

Material on the performance of a state university faculty member is available under the open records act.

Federal office candidates do not have to file reports on campaign finances with the state other than copies of federally-required material.

Certificates of deposit and cashiers checks deposited to satisfy the bail bondsman's licensing act should be executed in the name of the county treasurer.

ELECTRICITY

We Couldn't Do Without It!

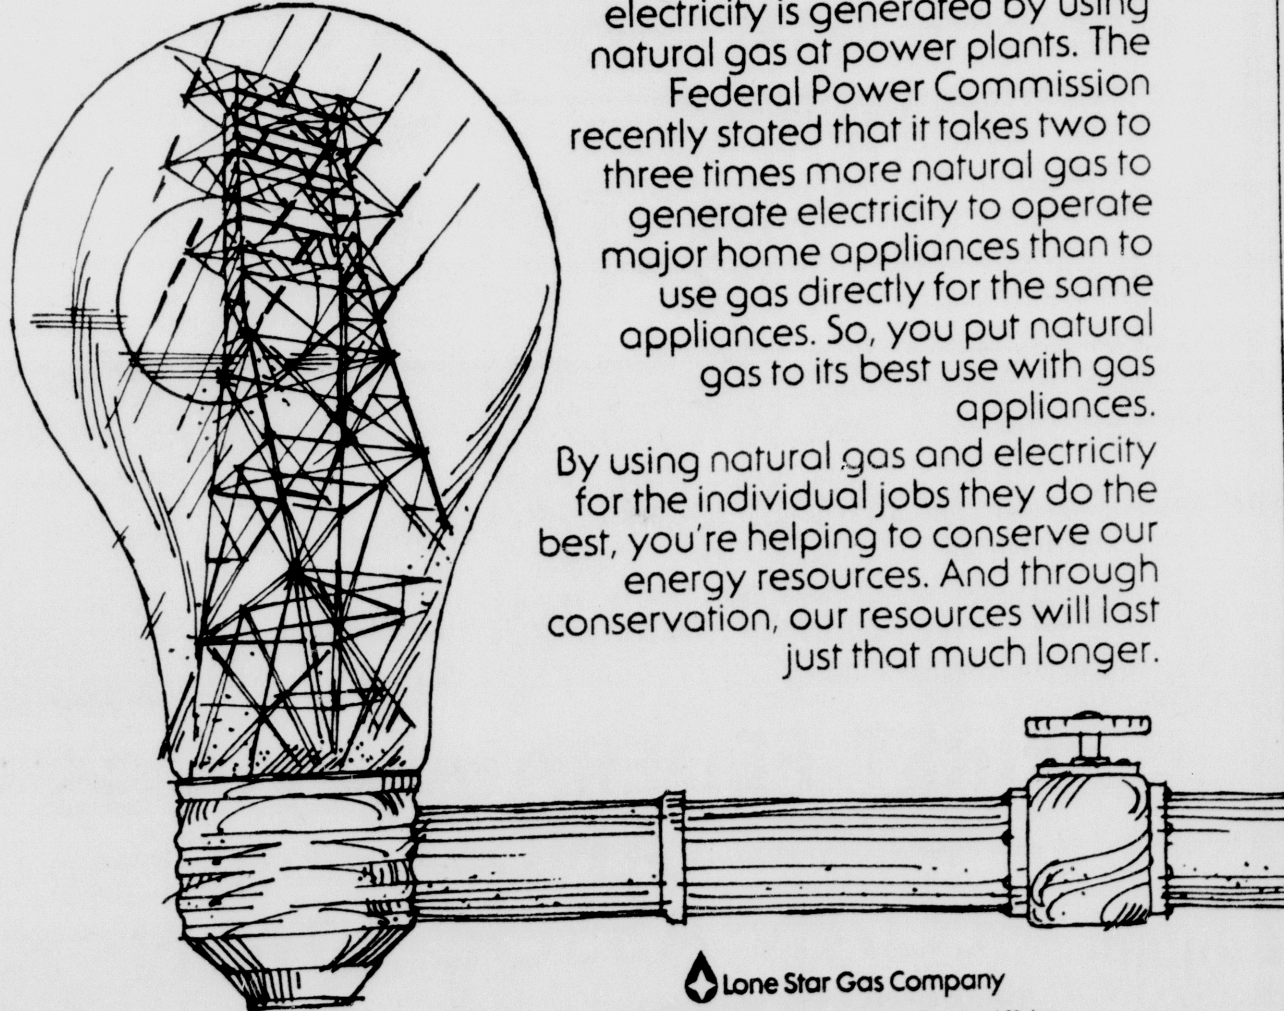

You might think that is an odd statement for a natural gas company to say about electricity. But it's true! There are some things that only electricity can do...like lighting, refrigeration and the many other jobs that it does so well and so easily. But —

NATURAL GAS

Generates The Electricity You Use!

In Lone Star's service area most of the electricity is generated by using natural gas at power plants. The Federal Power Commission recently stated that it takes two to three times more natural gas to generate electricity to operate major home appliances than to use gas directly for the same appliances. So, you put natural gas to its best use with gas appliances.

By using natural gas and electricity for the individual jobs they do the best, you're helping to conserve our energy resources. And through conservation, our resources will last just that much longer.

Pipers Are Overpowered By Coahoma Here Friday

The Pied Pipers, giving up 30 to 40 pounds per man, were not able to stop the tank like running of Coahoma's Putt Choate here Friday night and lost their first district contest, 13-7. The Pipers battled Coahoma on even terms for most of the night but the size and weight of the Bulldogs took its toll in the final period as they put together a 69-yard drive that took 17 plays and used up nearly eight minutes on the clock.

The Bulldogs drove 71 yards in five plays to score on their first possession of the football before the Piper defense caught fire and contained the Coahoma onslaught until their fourth quarter drive.

The Pipers missed a first quarter touchdown when Jonny Jones stepped out of bounds at the Coahoma six-yard line following a 45-yard run. The Pipers failed to score in four plays and gave up the ball on the Bulldog three.

Daniel Willis scored the Piper touchdown in the opening minutes of the fourth quarter when he took the option pitch from Quarterback Tracy Rowland and raced around his left end. He danced his way through two waves of Bulldog tacklers and made it into the endzone standing up. Rowland tied the game up with his point after, but the Bulldogs opened up their 17-yard touchdown drive following the kickoff.

Choate, the night's leading ball carrier with 208 yards in 35 carries, carried the ball 14 of the 17 times during the drive and scored from the one-foot line.

Jones moved back over the 100-yard mark for the Pipers this week with 145 yards in 22 carries to bring his total up to 1,186 for the season on 148 carries, an average of eight yards per try.

One of the highlights of the game was the punting duel put on by the two quarterbacks. Hamlin's Rowland took a slight edge in this department with six for 237 yards for an average of 39.5 while Coahoma's Jody Bennett punted six times for 227 yards for an average of 38 yards. But the big difference was in the field position following the punt with Rowland punting to the Bulldog 5, 10, and 1-yard lines with three of his punts.

Coahoma took the opening kickoff and started their first touchdown drive from their own 29. The Bulldogs moved to the Piper 34 in four plays and then the big Bulldog fullback broke over right tackle for the 34 yards and the score. Bennett kicked the point after with 10:26 left in the first period.

Ricci Harugthy returned the Bulldog kickoff back to the Hamlin 33 and on third down Jones picked up 10 yards and a first down at the Coahoma 45. But two incomplete passes forced Rowland to punt with Coahoma taking over on the 20.

The Bulldogs moved out to the 32 before William Brown picked off a Bennett pass. A clipping penalty moved the Pipers back to their own 49. Jones ran a trap over his left tackle and broke out of the secondary, dodged a would be tackler at about the 10 but then stepped out of bounds at the six. Rowland's pass to Oscar Marshall was just out of his reach and then Jones carried for four to the two-yard line and then was dropped back to the three on the next play. On fourth down Rowland tried another pass, this time to Willis, that fell incomplete.

Coahoma, aided by two 15-yard penalties, moved to the Hamlin 33 before being forced to punt. A third down pass play was broken up by Russell May to kill the drive and force the punt.

The Pipers took over on their own five and a second down trap play by Steve Evans gave the Pipers a first down at the 23. Facing third and five, Rowland connected with Willis for a 21-yard pass to the 49. Three plays netted seven yards and Rowland

was forced to punt, this one going to the Bulldog five.

The Piper defense held the Bulldogs and they punted out to the Coahoma 46. Willis gained two yards and then two passes went incomplete and Rowland was forced to punt again, this one going to the 10. Coahoma drew a five-yard penalty and failed to make a first and punted again with Hamlin taking over at the Hamlin 49.

The Pipers failed to make their first and Rowland punted to the Bulldog 28. Bennett carried for 18 yards to the 46 before the Piper defense forced them to punt again, this time to the Piper eight. The Pipers picked up a first down at the 18 as time ran out in the first half.

The Pipers failed to make a first down following the second half kickoff and Rowland punted 46 yards to the Coahoma 20. The Bulldogs picked up four first downs in moving the ball to the Hamlin 24 before Luke Reynolds picked off a Bennett pass at the Hamlin 17.

Jones carried for 14 yards to the 31, then added seven more. Rowland carried for two and then pitched to Willis on the option for 13 to the Coahoma 45. But the Piper drive stalled and Rowland punted out of bounds at the Bulldog one. The Bulldogs gained seven yards in three plays and punted to the Hamlin 45.

Willis carried for eight yards and then Jones picked up eight for a first down at the Bulldog 39. Rowland gained six and Coahoma drew a 15-yard penalty for a first down at the 17. Willis picked up three, Jones five and then Willis took the pitch from Rowland, outraced one defender to the corner, turned up field and dodged five or six Coahoma tacklers before making it into the endzone. Rowland tied the game with his extra point kick with 9:42 left on the clock.

Coahoma started from their own 31 following the kickoff and Choate carried for gains of 8, 9, 7, and 5 before being stopped for no gain and the Bulldogs drew a 15-yard penalty. Oscar Pardon picked up 10 and then Choate carried for seven and two for a first down at the Hamlin 31. Pardon carried for three, Choate picked up five, two, and four to the Hamlin 17. Pardon carried for a first down at the 11 and then Choate carried for six, three, zero and then scored from the one-foot line on fourth down. The kick was no

good and Coahoma led, 13-7 with 2:05 left on the clock.

Brown returned the kickoff back to his 27 and the Pipers came out in a shotgun offense with Coahoma drawing a 15-yard penalty on first down to give the Pipers a first down at the 43. But the Pipers lost a down and five yards on a penalty on the next play and on second down Rowland's pass was short to Jones and Bennett picked it off and returned it to midfield.

The Pipers held the Bulldogs and forced them to punt with 1:19 left on the clock. Willis carried for two, and Jones picked up 20 yards to the 27. Coahoma drew a 15-yard penalty to give the Pipers the ball on the 42. Jones ripped off nine yards before going down at the 42. He lost his balance dodging one Coahoma tackler and stumbled over the only defender between him and Bulldog goal line some 58 yards away. The Pipers got off one more play before the game ended but it failed to break for any yardage.

The Pipers are now tied with Ballinger for the district title and need two wins to make it into the playoffs.

'Open Dating' Deadline Extended

AUSTIN—New U. S. Department of Agriculture (USDA) regulations covering "open dating" of meat and poultry products will go into effect Dec. 8, not Sept. 8 as previously announced.

Officials noted that some processors and retailers have initiated open dating programs coupled with consumer education. They said the Sept. 8 date would force these business people to suspend these programs since they and their federally-inspected suppliers could not obtain the necessary equipment to make changes in their current open dating of meat and poultry products.

Texas Agriculture Commissioner John C. White said the regulations will provide consumers with significantly more information on the freshness or shelf life of meat and poultry products. Under the USDA regulations any calendar date used on meat or poultry products processed under federal inspection will have to be identified by a "packing date," "use before" or "sell by" date. These dates may be further qualified by phrases such as "for maximum freshness."

The regulations do not apply to fresh meats that are cut up and packaged in the individual retail stores.

Mr. and Mrs. Charles Hubert Morrison of Aspermont are parents of a boy, John Joseph, 7 lbs. 5 1/2 oz., born in Hamlin Memorial Hospital Nov. 3 at 9:20 a.m.
